

Welcome to Wildwood Rustics! We are here to help you find the perfect piece of handcrafted rustic furniture. And if you can't find what you're looking for in the following pages, don't worry: we specialize in turning dreams into reality!

We work with three main materials: white cedar log, red cedar log, and rough sawn "barnboard" pine.

The rest is up to you. Rick a design, or design your own. Rick a stain/finish, or bring us a color to

match. The possibilities are endless!

As a small furniture shop in the heart of Rennsylvania, we want every piece of furniture we build to be perfect. Chat is why everything we build comes with a lifetime warranty. Of there is any defect in the material or craftsmanship of anything coming out of our shop, we will gladly repair or replace it.

So feel free to dream! Grab a cup of coffee, have a seat in your favorite chair, and start exploring the rustic beauty contained in the pages that follow.

But in turn, design means nothing without attention to detail when crafting furniture. Are all the joints tight? Are all the openings square? Do all moving parts operate smoothly? These are some of the things that are checked and rechecked as every piece of furniture is built, varnished, and gotten ready for its place in your home.
